The formal notice of the 2026 Annual Meeting is provided in the enclosed proxy statement. At the 2026 Annual Meeting we will discuss and vote on each item of business described in the Notice of Annual Meeting of Stockholders and Proxy Statement.

Important notice regarding the availability of proxy materials for the 2026 Annual Meeting. On or about August 4, 2026, we will begin mailing to certain stockholders a Notice of Internet Availability of Proxy Materials informing them that our proxy materials, including our Annual Report on Form 10-K for the year ended March 31, 2026 (the “Annual Report”), voting instructions, and proxy statement (the “Proxy Statement,” and together with the Annual Report, the “Proxy Materials”) are available online. As more fully described in the Notice of Internet Availability of Proxy Materials, all stockholders may choose to access the Proxy Materials on the internet or may request to receive paper copies of the Proxy Materials. This allows us to conserve natural resources and reduces the costs of printing and distributing the Proxy Materials, while providing our stockholders with access to the Proxy Materials in a fast and efficient manner. Copies of our Notice of Annual Meeting of Stockholders, Proxy Statement, Form of Proxy and Annual Report are also available at www.proxyvote.com.

Voting by internet or telephone is fast and convenient, and your vote is immediately confirmed and tabulated. If you receive a paper copy of the Proxy Materials, you may also vote by completing, signing, dating and returning the accompanying proxy card in the enclosed return envelope furnished for that purpose. By using the internet or telephone, you help us reduce postage and proxy tabulation costs.

Your vote is important to us. The enclosed proxy statement provides you with detailed information regarding the business to be considered at the 2026 Annual Meeting. We urge you to please vote your shares now. You may revoke your proxy at any time before the proxy is voted by following the procedures described in the enclosed proxy statement. INFORMATION ABOUT THE 2026 ANNUAL MEETING AND VOTING

Why did I receive these Proxy Materials?

We are providing the Notice of Annual Meeting of Stockholders, Proxy Statement, voting instructions, form of proxy and Annual Report on Form 10-K for the fiscal year ended March 31, 2026 (the "Proxy Materials") in connection with the solicitation by the board of directors (the "Board") of Freedom Holding Corp., a Nevada corporation, (the "Company," "FRHC," "we," "us," or "our") of proxies to be voted at our 2026 Annual Meeting of stockholders for the fiscal year ended March 31, 2026 ("fiscal 2026"), and at any adjournment or postponement thereof (the "2026 Annual Meeting"). We anticipate that the Notice of Internet Availability of Proxy Materials will be sent to stockholders beginning on or about August 4, 2026.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Pacific Stock Transfer Company, you are considered the "stockholder of record" with respect to those shares. If you are a stockholder of record, we are sending the Proxy Materials directly to you at the address of record on account with Pacific Stock Transfer Company.

If your shares are held in a stock brokerage account or by a bank or other custodian, those shares are held in "street name." You are considered the "beneficial owner" of those shares. The Proxy Materials have been or will be forwarded to you by your broker, bank or other custodian who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other custodian on how to vote your shares by using the proxy or voting instructions included in the mailing or by following their instructions for voting by telephone or on the internet.

Why did I receive in the mail a Notice of Internet Availability of Proxy Materials?

Under rules adopted by the United States Securities and Exchange Commission (the "SEC"), we are providing access to our Proxy Materials over the internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to many of our stockholders. If you receive a notice by mail, you will not receive a printed copy of the Proxy Materials unless you request one. The notice tells you how to access and review the Proxy Materials over the internet at www.proxyvote.com. The notice also tells you how to access your proxy card to vote on the internet. If you received a notice by mail and would like to receive a printed or emailed copy of the Proxy Materials, please follow the instructions included in the notice.

How do I attend the 2026 Annual Meeting?

Our Board has determined that the 2026 Annual Meeting be held in a virtual-only format via live webcast. The 2026 Annual Meeting will begin promptly at 10:00 a.m. EDT on September 16, 2026. You may attend the 2026 Annual Meeting virtually at www.virtualshareholdermeeting.com/FRHC2026, where you will be able to listen to the meeting live, submit questions and vote online. To participate in the 2026 Annual Meeting virtually, you will need the 16-digit control number located on your proxy card or the instructions that accompany your Proxy Materials. In the event that you do not have the control number, please contact your broker, bank or other nominee as soon as possible so that you can be provided with a control number and participate in the 2026 Annual Meeting. The live webcast of the 2026 Annual Meeting will be available to our stockholders and invited guests, but participation in the 2026 Annual Meeting, including voting shares and submitting questions, will be limited to stockholders. If you plan to attend the meeting virtually, online check-in will begin 15 minutes prior to the start of the 2026 Annual Meeting, and you should allow ample time for online check-in procedures. If you plan to attend virtually, we encourage you to access the website for the 2026 Annual Meeting prior to the start time of the meeting to allow time for you to log-in and test your device's audio system.

What if I have technical difficulties accessing the 2026 Annual Meeting website?

Beginning 15 minutes prior to the start of and during the 2026 Annual Meeting, we will have a support team ready to assist stockholders with technical difficulties that they may have accessing or hearing the 2026 Annual Meeting. If you encounter difficulties accessing the 2026 Annual Meeting you may call the help numbers found on the 2026 Annual Meeting website at www.virtualshareholdermeeting.com/FRHC2026. This assistance is limited to technical difficulties.

accessing the meeting. If you have problems accessing the 2026 Annual Meeting online because of problems with your control number, you should contact your broker, bank or other custodian.

May stockholders ask questions at the 2026 Annual Meeting?

Yes. Stockholders attending virtually will have the ability to submit questions during the 2026 Annual Meeting www.virtualshareholdermeeting.com/FRHC2026. As part of the 2026 Annual Meeting, we will hold a live question and answer session, during which we intend to answer questions submitted by stockholders online which are pertinent to the Company and the 2026 Annual Meeting matters, as time permits. Detailed guidelines for submitting questions online during the 2026 Annual Meeting will be available at www.virtualshareholdermeeting.com/FRHC2026. We encourage you to read our 2026 Annual Report provided as part of the Proxy Materials and available free of charge on our website (www.freedomholdingcorp.com) or at www.proxyvote.com.

Who is entitled to vote at the 2026 Annual Meeting?

Stockholders of record at the close of business on July 20, 2026, the record date for the 2026 Annual Meeting, are entitled to receive notice of and vote at the 2026 Annual Meeting. You are entitled to one vote on each matter presented at the 2026 Annual Meeting for each share of common stock you owned at that time. Stockholders have no right to cumulative voting as to any matter, including the election of directors.

How do I vote?

You may vote using any of the following methods:

By Mail

If you received a paper copy of the Proxy Materials, you may vote by completing, signing and dating your proxy card and returning it in the enclosed envelope. Your mailed proxy card must be received by no later than 11:59 p.m. ET on September 15, 2026, to be counted. If you did not receive a paper copy of the Proxy Materials, but wish to vote by mail, you may request a paper copy and vote by mail as described in the instructions that accompany the Proxy Materials.

By Internet

We encourage you to vote and submit your proxy over the internet at www.proxyvote.com. Your internet vote must be received by no later than 11:59 p.m. ET on September 15, 2026, to be counted.

By Telephone

You may vote by telephone by calling **1-800-690-6903**. Your telephone vote must be received by no later than 11:59 p.m. ET on September 15, 2026, to be counted.

At the 2026 Annual Meeting

Stockholders who wish to vote during the 2026 Annual Meeting, will need to attend the meeting at www.virtualshareholdermeeting.com/FRHC2026 where they will be provided voting instructions.

To vote you will need the 16-digit control number that appears on your proxy card or the instructions that accompany the Proxy Materials. Each stockholder has a unique control number so that we can ensure all voting instructions are genuine and prevent duplicative voting. Depending on the number of accounts in which you hold shares of common stock, you may receive and need more than one control number. If you receive more than one control number be sure to vote each control number to ensure that all of your shares are voted.

If the shares you own are held in “street name” by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. To vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokers also offer the option of voting over the internet or by telephone, instructions for which would be provided by your brokerage firm on your voting instruction form.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

- written notice of revocation to Vote Processing, do Broadridge, 51 Mercedes Way, Edgewood, NY 11717, which must be received by no later than 11:59 p.m. ET on September 15, 2026;
- timely submission of a valid, later-dated proxy via mail, the internet or the telephone, which must be received by no later than 11:59 p.m. ET on September 15, 2026; or
- voting at the 2026 Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or other custodian of record as described in the voting instructions they provide you. You may also vote at the 2026 Annual Meeting as described in the answer to the previous question.

Can my broker vote if my shares are held in “street name”?

If you do not give instructions to your brokerage firm, bank or other custodian holding your shares, it will still be able to vote your shares with respect to “discretionary” items, but it will not be allowed to vote your shares with respect to “non-discretionary” items. The election of directors (Proposal One) is considered to be a non-discretionary item; therefore, if you do not instruct your broker how to vote with respect to this proposal, your broker is not permitted to vote with respect to it and such votes will thus be considered “broker non-votes.” Broker non-votes are shares that are held in “street name” by a custodian, such as a bank or brokerage firm that indicates on its proxy that it does not have or did not exercise discretionary authority to vote on a particular matter or matters. Proposals Two, and Three are considered “discretionary” items and may be voted by the brokerage firm, bank or other custodian holding your shares.

How will votes be counted?

Each share of common stock will be counted as one vote according to the instructions contained on a proper proxy card, whether submitted by mail, over the internet or by telephone, or voted at the 2026 Annual Meeting.

What does it mean if I received more than one proxy card?

If you receive more than one proxy card, it means that you hold shares registered in more than one name or account. To ensure that all of your shares are voted, sign and return each proxy card you receive, or if you vote by internet or by telephone, you will need to vote each proxy card.

What constitutes a quorum?

For business to be conducted at the 2026 Annual Meeting, a quorum must be present. A quorum consists of the holders of a majority of the shares of common stock issued and outstanding on July 20, 2026, the record date.

Shares of common stock present (virtually) in person or represented by proxy (including “broker non-votes” and shares that abstain or do not vote with respect to a particular proposal) will be counted for purposes of determining whether a quorum exists at the 2026 Annual Meeting.

If a quorum is not present, the 2026 Annual Meeting will be adjourned until a quorum is obtained.

What vote is required for each item and how does the Board recommend that I vote?

Proposal One – Election of Directors. Under our By-Laws, a nominee for director will be elected to the Board by a plurality of votes given at the election, meaning the nominee will be elected if the votes cast “for” the nominee’s election exceed the votes cast “against” the nominee’s election. Abstentions and broker non-votes are not considered votes cast for or against the nominee and will have no effect on the proposal. If you do not instruct your broker how to vote with respect to this proposal, your broker cannot vote your shares with respect to the election of directors.

Our Restated Articles of Incorporation provide that our Board is divided into three classes. Each class shall consist, as nearly as may be possible, of one-third of the total number of directors, with each director serving for a term of three years and until his or her successor has been duly elected and qualified. The Board has nominated two individuals,

Askar Tashtitov and Boris Cherdabayev, each of whom currently serves as a Class I director, and is standing for election as a Class I director, at the 2026 Annual Meeting.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF THE TWO NOMINEES NAMED IN THE ENCLOSED PROXY MATERIALS TO THE BOARD.

Proposal Two – Advisory vote to approve the compensation of our named executive officers. Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is providing stockholders with an advisory (non-binding) vote on the overall compensation of the Company's named executive officers.

At the 2024 annual meeting of stockholders, the stockholders approved, on an advisory basis, a one-year frequency for the non-binding stockholder vote relating to the compensation of the Company's named executive officers. Based on the shareholders preference indicated at the 2024 annual meeting and the continued belief of the Board that an advisory vote on executive compensation that occurs once every year is the most appropriate for the Company, the Board requests stockholders to vote on the named executive officers' compensation as described in this Proxy Statement.

This proposal, commonly known as a "say-on-pay" proposal, gives the Company's stockholders the opportunity to express their views on the Company's named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and the philosophy, policies and practices described in this Proxy Statement.

The "say-on-pay" vote is advisory and therefore not binding on the Company, our Board's compensation committee (the "compensation committee") or the Board. The Board and compensation committee, which is comprised entirely of independent directors, value the opinions of our stockholders and to the extent there are any significant votes against any named executive officer compensation as disclosed in this Proxy Statement, the Board will consider stockholders' concerns and the compensation committee will evaluate whether any actions are necessary to address those concerns.

The affirmative vote of the holders of a majority of the total number of votes of our common stock present (virtually) in person or represented by proxy and entitled to vote on the proposal is needed to approve this proposal. Abstentions count as votes against the proposal.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

Proposal Three – Ratification of Independent Registered Public Accounting Firm. The affirmative vote of the holders of a majority of the total number of votes of our common stock present (virtually) in person or represented by proxy and entitled to vote on the proposal is needed to ratify the selection of Deloitte LLP as our independent registered public accounting firm for our 2027 fiscal year. Abstentions count as votes against the proposal. If you do not provide instructions to your brokerage firm regarding how to vote your shares on this proposal, your broker may (a) vote your shares on your behalf (because this proposal is a "discretionary" item) or (b) leave your shares unvoted.

Our auditor is appointed by our Board audit committee (the "audit committee") in accordance with Section 10A-3 of the Exchange Act of 1934. Our By-Laws do not require that stockholders ratify the appointment of our independent auditors. However, we are submitting the appointment of Deloitte LLP to you for ratification as a matter of good corporate governance and in accordance with the provisions of our audit committee charter. If our stockholders fail to ratify the selection, we will consider that failure as a direction to the Board and the audit committee to consider the selection of a different firm. Even if the selection is ratified, the audit committee in its discretion may select a different independent registered public accounting firm, at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

THE BOARD RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2027 FISCAL YEAR.

Where can I find the voting results?

We will report the voting results in a Current Report on Form 8-K within four business days after completion of our 2026 Annual Meeting.

Could other matters be decided at the 2026 Annual Meeting?

As of the date of this Proxy Statement, we did not know of any matters to be raised at the 2026 Annual Meeting other than those described in this Proxy Statement. If other matters are properly presented at the 2026 Annual Meeting for consideration, however, the proxies appointed by the Board will have the discretion to vote on those matters for you.

Who will pay for the cost of this proxy solicitation?

We will pay for the cost of this proxy solicitation. We do not intend to solicit proxies other than by use of the mail or website posting. We have retained Broadridge, a proxy solicitation firm, at an anticipated cost of \$42,907 plus reimbursement of expenses, to assist in soliciting proxies from brokers, banks, nominees, and institutional holders. Broadridge and certain of our directors, officers and other employees (without additional compensation), may solicit proxies personally or by telephone, facsimile or email on our behalf. In addition, Broadridge and certain related persons will be indemnified against certain liabilities arising out of or in connection with the engagement.

Who will count the vote?

The inspector of elections appointed for the 2026 Annual Meeting will tabulate all votes.

What is “householding” and how does it affect me?

We have adopted a procedure approved by the SEC called “householding.” Under this procedure, stockholders of record who have the same address and last name will receive only one copy of the Proxy Materials and Notice of Internet Availability of Proxy Materials, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees.

Stockholders who participate in householding will continue to receive separate proxy cards. If and when applicable, householding will not in any way affect dividend check mailings, if any.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Proxy Materials or Notice of Internet Availability of Proxy Materials, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please make a written request to: Corporate Secretary, Freedom Holding Corp., 1930 Village Center Cir. #3-6972, Las Vegas, Nevada 89134, U.S.A., email: usoffice@freedomholdingcorp.com or contact our Corporate Secretary at 1-888- 996-3742. If multiple stockholders of record who have the same address receive only one copy of the Proxy Materials and would like to receive additional copies, or if they would like to receive a copy for each stockholder living at that address in the future, send a written request to the address or email address above or contact our Corporate Secretary at 1-888- 996-3742. Upon such written or oral request, we will deliver separate Proxy Materials and Notices of Internet Availability of Proxy Materials to any stockholders who receive one paper copy at a shared address: 1930 Village Center Cir. #3-6972, Las Vegas, Nevada 89134, U.S.A.

Beneficial owners can request information about householding from their brokers, banks or other holders of record.

Other Information

Our Annual Report accompanies this Proxy Statement. Neither the material contained in the Annual Report, nor the contents of our corporate website or the corporate website of any of our subsidiaries should be considered a part of the Proxy Materials. References herein to “fiscal 2026,” “fiscal 2025” or similar references to a respective “fiscal year” mean the 12-month period ended March 31 of the relevant year. The contents of our corporate website or the corporate website of any of our subsidiaries are not incorporated by reference into this Proxy Statement.

PROPOSAL ONE - ELECTION OF DIRECTORS

Our Restated Articles of Incorporation provide that our Board shall be divided into three classes. Each director serves for a term of three years and until his or her successor has been duly elected and qualified. The term of office of the Class I Directors expires at the 2026 Annual Meeting. The Board has nominated Askar Tashtitov and Boris Cherdabayev to stand for election at the 2026 Annual Meeting as Class I Directors. Mr. Tashtitov has served as a member of the Board since May 2008, Mr. Cherdabayev has served as a member of the Board since February 2019. If elected at the 2026 Annual Meeting, each of these nominees would serve until the 2029 Annual Meeting and until their successor is duly elected and qualified, or if sooner, until the director's death, resignation or removal.

Directors are elected by a plurality of the votes cast. The two nominees receiving the most "FOR" votes will be elected. If no contrary indication is made, shares represented by executed proxies will be voted "FOR" the election of the two nominees named above. If, prior to the 2026 Annual Meeting, it should become known that any of the nominees would be unwilling or unable to serve as a director after the 2026 Annual Meeting by reason of resignation, death, incapacity or other unexpected occurrence, the proxies will be voted "FOR" such substitute nominee as is determined by nominating and corporate governance committee and the Board or alternatively, not voted for any nominee. The Board has no reason to believe that any of the nominees will withdraw or be unable to serve. Proxies cannot be voted for more than the number of nominees proposed for election.

 THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF EACH OF THE DIRECTOR NOMINEES LISTED ABOVE

Board Experience

We believe that it is important for each of our directors to possess many qualities and skills. When searching for candidates, the nominating and corporate governance committee of our Board (the "nominating and corporate governance committee") considers the evolving needs of the Board and searches for candidates that fill any current or anticipated future gap. The nominating and corporate governance committee considers a candidate's business experience, judgment, background, conflicts of interest, integrity, ethics and commitment to the goal of maximizing stockholder value. Candidates should possess one or more of the following skills and qualifications: experience in the financial services industry, experience in international business, financial expertise, accounting skills, human resource management, public company management, legal expertise, or other relevant expertise.

The Board and the nominating and corporate governance committee believe that it is desirable to have a variety of viewpoints on the Board, and as such, the nominating and corporate governance committee considers diversity of viewpoints, backgrounds and experience in searching for candidates. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board are also considered. The following diagram provides information regarding our directors as of the date of this Proxy Statement:

CORPORATE GOVERNANCE

Director Independence

Our common stock is listed on the Nasdaq Capital Market and, accordingly, the following determinations of director independence are based upon the rules of the Nasdaq Stock Market. Because Timur Turlov owns approximately 66.5% of our common stock as of July 29, 2026 and holds greater than 50% of the voting power for election of directors, the Company is a "Controlled Company" as defined by Rule 5615 of the Nasdaq Stock Market rules. As such, we are not required under Nasdaq rules to have a majority of independent directors on our Board, nor are we required to have a nominating and corporate governance committee or compensation committee composed of independent directors. While our Board presently consists of a majority of independent directors, that may not always be the case. Before his resignation in July 2026, Mr. Kelimbetov, our former non-independent director, served on our nominating and corporate governance committee along with three independent directors, and Mr. Turlov, who is not independent, prior to the committee membership re-assignments approved by the Board and effective March 30, 2026, served on our compensation committee along with three independent directors. For so long as the Company remains a Controlled Company, we anticipate we will take advantage of some or all of exemptions to the independence requirements under Nasdaq rules available to Controlled Companies. As of the date of this Proxy Statement, each of our audit committee, nominating and corporate governance committee, compensation committee, and transactions committee consists solely of independent directors.

The nominating and corporate governance committee and the full Board review the independence of all members of the Board for purposes of determining which Board members are deemed independent under Nasdaq rules. The nominating and corporate governance committee and the full Board continue to believe that Messrs. Cherdabayev, Gamble and Vogeeler and Ms. Williams are independent based on the director independence standards of the Nasdaq Stock Market as set forth in Nasdaq Rule 5605. Our nominating and corporate governance committee and Board consider the current and prior relationships that each of the directors has with our Company and all other facts and circumstances our nominating and corporate governance committee and Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director and other transactions, relationships, and arrangements that are not required to be disclosed in this Proxy Statement.

During fiscal 2023, the Board established a Lead Independent Director position and appointed Amber Williams to that position. The Lead Independent Director complements the Chairman of the Board's role and serves as the principal liaison between the non-employee directors and the senior management team.

Communication with the Board

The Board encourages communication from our stockholders. Any stockholder who wishes to communicate with the directors should send any such communication to our Corporate Secretary by email to usoffice@freedomholdingcorp.com or by mail to 1930 Village Center Cir. #3-6972, Las Vegas, Nevada 89134, U.S.A. All such stockholder communication will be reviewed by the Corporate Secretary who will determine the appropriate response or course of action.

BOARD LEADERSHIP STRUCTURE

Board Leadership

The Chairman of the Board and Chief Executive Officer of the Company is Timur Turlov, our controlling stockholder. Mr. Turlov, along with the senior management team, is responsible for setting our strategic direction and

our day-to-day leadership and performance, while the Board is responsible for overseeing the strategic management of the affairs of the Company. The Board believes that it is in the best interests of the Company and our stockholders for Mr. Turlov to serve as Chief Executive Officer and Chairman of the Board. Our directors bring different perspectives, experience, insight and expertise from outside the Company while Mr. Turlov brings Company specific experience and expertise, in addition to being the Company's controlling stockholder. The Board believes that the combined role of Chairman and Chief Executive Officer also facilitates the flow of information between the Board and management.

The Board currently consists of six members: Mr. Turlov; our President; and four non-employee directors, each of whom is independent under Nasdaq rules. Prior to the resignation of Mr. Kairat Kelimbetov, our former employee director, in July 2026, the Board consisted of seven members. Members of the Board are kept informed of our operations by reviewing materials provided to them, speaking to our executives, employees and legal counsel and by attending meetings of the Board and the various committees on which they may serve. Our non-employee directors met in executive sessions without the attendance or participation of our Chief Executive Officer or our other employee directors several times during fiscal 2026.

The Role of the Board in Oversight of Risk

Our Chief Executive Officer and senior management are responsible for identifying and assessing our exposure to risk and developing risk controls related to significant business activities and the Company's objectives, developing programs to determine the sufficiency of risk identification, balancing of potential risk to potential reward and the appropriate manner in which to control risk. It is the responsibility of our management to develop and implement our short-term and long-term objectives and to identify, evaluate, manage and mitigate the risks inherent in seeking to achieve those objectives. The Board's responsibility is to oversee and monitor the Company's risk identification and management processes and efforts of senior management within the Company's risk framework as informed by the Company's strategy and available resources. As described in more detail below, this is carried out primarily through the risk committee of the Board (the "risk committee") and various other Board committees which report to our full Board. The Board coordinates with the audit committee, risk committee, telecom committee and management regarding the Company's cyber and technology security and related risks.

BOARD COMMITTEES

Report of the Audit Committee

The audit committee oversees our financial reporting process on behalf of the Board. Management is responsible for our internal controls, financial reporting process and compliance with laws, regulations and ethical business standards. Our independent registered public accounting firm is responsible for performing an integrated audit of our consolidated financial statements and of our internal control over financial reporting in accordance with standards of the PCAOB, and to issue opinions thereon. The audit committee's responsibility is to monitor and oversee these processes. In this capacity, the audit committee provides advice, counsel, and direction to management and the auditors on the basis of the information it

receives, discussions with management and the auditors, and the experience of the audit committee's members in business, financial and accounting matters.

The audit committee reviewed and discussed with management and Deloitte LLP, our independent registered public accounting firm, our audited financial statements for the fiscal year ended March 31, 2026. The audit committee reviewed and discussed with management and Deloitte LLP management's assessment of the effectiveness of the Company's internal control over financial reporting and Deloitte LLP's opinion about the effectiveness of the Company's internal control over financial reporting. The audit committee discussed with Deloitte LLP the matters required to be discussed by applicable requirements of the PCAOB as currently in effect. The audit committee also received the written disclosures and the letter from Deloitte LLP required by applicable requirements of the PCAOB regarding auditor-audit committee communications concerning independence and discussed with Deloitte LLP its independence from us and our management.

Based on the reviews and discussions referred to above, the audit committee recommended to the Board, and the Board approved that our audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2026, by signing the report. These are the same financial statements that appear in our Annual Report on Form 10-K for the fiscal year ended March 31, 2026, that has been filed with the SEC.

The compensation committee charter authorizes the compensation committee to access, at our expense, such internal and external resources, including retaining legal and other advisors, such as compensation consultants, as the compensation committee deems necessary or appropriate to fulfill its responsibilities. The compensation committee charter authorizes the compensation committee to delegate any of its responsibilities and authority to one or more subcommittees as it deems appropriate.

Ms. Williams is the Chair of the compensation committee and Messrs. Gamble and Vogeeler are members of the committee. Effective March 30, 2026, the Board made committee membership re-assignments according to which Mr. Turlov removed from the compensation committee as a member. Each current member of the compensation committee meets the independent director definition of Nasdaq Rule 5605. To the extent securities laws or other laws, rules or regulations require approval by the full Board, or by the independent members of the Board, such matters will be submitted for appropriate approval. The compensation committee met 10 times during fiscal 2026.

Compensation Committee Interlocks and Insider Participation

During fiscal 2026, the compensation committee was composed of Mr. Turlov (who ceased to be a member of the compensation committee based on the committee membership re-assignments approved by the Board and effective March 30, 2026), Mr. Gamble and Mr. Vogeeler, and Ms. Williams as the Chair. In addition, during fiscal 2026, no member of the compensation committee, except for Mr. Turlov, engaged in any related party or other transaction of a type that is required to be disclosed pursuant to Item 404 of SEC Regulation S-K. Nominating and Corporate Governance Committee

The nominating and corporate governance committee charter provides that the nominating and corporate governance committee’s responsibilities include, among other things:

- determining the qualifications, qualities, skills, and other expertise required to be a director and developing, and recommending to the Board for approval, the criteria to be considered in selecting director nominees;

- reviewing the Board’s committee structure and composition and making recommendations to the Board regarding the appointment of directors to serve as members and chairmen of each committee, annually;

- reviewing and discussing with management disclosure of the Company’s corporate governance practices, including information regarding the operations of the Committee and other Board committees, director

independence, and the director nominations process, and recommending that such disclosure be included in the Company's proxy statement or annual report on Form 10-K, as applicable;

- reviewing all tendered director resignation letters tendered in accordance with the Company's director resignation policy set forth in our corporate governance guidelines, and evaluating and recommending to the Board whether such resignations should be accepted.

In discharging its responsibilities to nominate candidates for election to the Board, neither the Board nor the nominating and corporate governance committee has, at this time, specified minimum qualifications for serving on the Board. We believe that our directors should have the highest professional and personal ethics and values, consistent with our values and standards. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties for us. When considering potential director candidates, the nominating and corporate governance committee also considers the candidate's character, judgment, diversity of viewpoints, backgrounds and experience, age and skills, including financial literacy and experience in the context of our needs and the needs of the Board.

There can be no assurance that all stockholder proposed candidates will be fully considered, that all candidates will be considered equally, or that the proponent of a proposed candidate, or any candidate, will be contacted by the Company, the Board or the nominating and corporate governance committee, and no undertaking to do so is implied by the willingness to consider candidates proposed by stockholders.

The nominating and corporate governance charter authorizes the nominating and corporate governance committee to access, at our expense, such internal and external resources, including retaining legal and other advisors, including director search firm, an executive search firm, and a compensation consultant, such as the nominating and corporate governance committee deems necessary or appropriate to fulfill its responsibilities.

Mr. Vogelee is the Chair of the nominating and corporate governance committee and Messrs. Cherdabayev and Gamble are members of the committee. The membership of Mr. Kelimbetov, who was a member of the nominating and corporate governance committee during fiscal 2026, terminated upon his resignation from the Board in July 2026.

Each of Mr. Vogelee, Mr. Cherdabayev and Mr. Gamble qualifies as an independent director under Nasdaq Rule 5605. The nominating and corporate governance committee met 9 times during fiscal 2026.

During fiscal 2026, Mr. Vogelee was elected as Class III director of the Company at the 2025 annual meeting of shareholders for a term that runs through the Company's 2028 Annual Meeting. Mr. Gamble was elected as Class II director of the Company at the 2024 annual meeting of shareholders for a term that runs through the Company's 2027 Annual Meeting. Mr. Cherdabayev, as a Class I director, is standing for election by the stockholders at the 2026 Annual Meeting.

Risk Committee

The risk committee (the "risk committee") reviews the risk management activities conducted in the Company. It is the responsibility of our Chief Executive Officer and senior management to identify and assess the Company's exposure to risk. The risk committee is responsible for meeting at least quarterly with the Chief Risk Officer and Chief Compliance Officer to review the Company's risk management, compliance activities and potential risk exposures and to carry out its other duties set forth in the risk committee charter.

The risk committee charter tasks the risk committee with assisting the Board in its oversight and monitoring of our senior management and risk management personnel in carrying out their responsibilities for enterprise risk management ("ERM"). This includes promoting a culture of risk management and setting the appropriate tone from the top, oversight of financial management, risk profile, financial risk and return, legal and regulatory requirements. The risk committee is responsible for oversight and review with senior management of the Company's capital planning process, capital position,

capital adequacy, capital structure, and certain policies relating to financial management of the Company and its subsidiaries, as well as overseeing implementation of such policies. The risk committee reviews at least annually the Company's funding and liquidity requirements and contingency funding plan and is tasked with overseeing, at least annually, senior management's establishment of an independent enterprise-wide ERM framework, such that senior management is properly positioned, staffed and resourced to carry out its risk management responsibilities effectively. The risk committee works with senior management, including the Chief Risk Officer and Chief Compliance Officer, and with outside legal counsel and regulatory consultants as needed, to: recommend, at least annually, a risk profile of the Company to the Board for its approval; review and monitor risk elements associated with the Company's business, including interest rate sensitivity, liquidity ratios, capital adequacy, market risk exposure and funding mix; oversee and review the Company's ERM charter, policies and procedures for assessing and managing exposure, including exposure to cybersecurity risk; and receive and review reports, to be provided at least quarterly by the Chief Compliance Officer, regarding the Company's overall state of legal and regulatory compliance, including significant compliance projects and trend data. At least annually, the risk committee reviews the Company's business continuity plan and related critical processes and applications. Because the Company is a holding company that conducts its operations through its subsidiaries, the risk committee is also responsible for unified risk methodologies and policies across the subsidiaries consistent with the Company's global risk appetite, reviewing the appropriateness of subsidiary-level corporate governance structures, and establishing and periodically reviewing procedures for escalating issues from the subsidiary level to the risk committee and the Board. The risk committee oversees our senior management's establishment of the Company's overall strategic planning process and alignment of the Company's risk profile with its strategic plan, goals and objectives, and reviews and makes recommendations with respect to new business initiatives or strategies that face significant and material risk or deviations from the strategic plan. The risk committee also reviews any new products proposed to be launched by the Company, together with representatives of management, the Chief Risk Officer and the Chief Operating Officer, to ensure that relevant risk and compliance issues have been addressed. The risk committee is also responsible for reviewing material strategic transactions, principal investments or dispositions where the aggregate consideration to be paid or received exceeds limits specified by the Board.

The risk committee charter authorizes the risk committee, without seeking Board or management approval, to select, retain and terminate special risk management, legal, financial, accounting, audit and other professional advisors, at our expense, to assist the risk committee in discharging its responsibilities, such retention to be coordinated by the risk committee chair with the assistance of the Chief Legal Officer. This authority excludes selecting, retaining or terminating the Company's independent registered public accounting firm, which is the responsibility of the audit committee.

The risk committee charter provides that the risk committee shall be comprised of at least three members, a majority of which must be independent according to the standards of the Nasdaq Stock Market and the Company (to the extent the Company maintains a more stringent standard). However, neither Nasdaq Stock Market standards nor Company standards require us to have such a committee or require that our risk committee must be independent. Mr. Gamble is the Chair of the risk committee and Ms. Williams and Mr. Tashtitov are members of the risk committee. The membership of Mr. Kelimbetov, who was a member of the risk committee during fiscal 2026, terminated upon his resignation from the Board in July 2026. Mr. Gamble and Ms. Williams, who comprise a majority of the committee members, qualify as independent directors under Nasdaq Rule 5605. The risk committee met 6 times during fiscal 2026.

Transactions Committee

The Board's transactions committee's (the "transactions committee") authority and responsibilities include reviewing, assessing, and assisting the Board in evaluating potential strategic acquisitions, divestitures, and investments, and related strategies, and recapitalization requests from the Company's subsidiary network. This encompasses financing and significant employee retention or compensation arrangements related to such transactions. The transactions committee may also review the appointment of advisors and candidates for these strategies and shall make recommendations to the Board. It is authorized to engage and fund advisors or third parties as needed, subject to approval from relevant committees, with the Company providing necessary funding. The transactions committee monitors the progress of pending and potential strategic transactions involving the Company, its businesses and its competitors, conducts periodic reviews of completed transactions to evaluate success and strategic contributions, and reports regularly to the Board.

As of March 31, 2026, the transactions committee charter provided for an investment threshold of US\$ 10 million governing the transactions committee's review procedures, where (i) transactions and subsidiary recapitalization requests exceeding US\$ 10 million were reviewed by the Company's Corporate Development and M&A, Compliance, and Risk Management teams and submitted to the transactions committee for consideration, with final approval or rejection by the Board, and (ii) transactions below the threshold were submitted for approval or rejection by the Company's executive management under delegated signing authority, subject to escalation to the full transactions committee where significant

risk, regulatory sensitivity, or related-party involvement was identified, or where cumulative subsidiary requests for the year exceeded the said threshold.

The transactions committee charter specifies that the transactions committee must consist of at least two Board members. Mr. Cherdabayev is the Chair of the transactions committee and Ms. Williams (who replaced Mr. Tashtitov as a member based on the committee membership re-assignments effective March 30, 2026) and Messrs. Gamble and Vogeleer are members of the transactions committee. The transactions committee met 13 times during fiscal 2026.

Telecom Committee

During fiscal 2025, the Board established a special telecommunications and information and communication technology (“ICT”) committee (the “telecom committee”). The purpose of the telecom committee is to oversee and make recommendations to the Board regarding the Company’s telecommunications and ICT strategy, and to define, review, evaluate and advise the Board, management, and the Company’s transactions committee on any proposed acquisitions, partnerships, alliances and/or other potential transactions in furtherance of the telecom and ICT strategy, including identifying potential acquisition targets or strategic partners, and advising the Board and management on whether to pursue alternative transactions. In addition, the telecom committee is tasked with overseeing the Company’s telecom business, and with advising the Board and management on all relevant agreements, proceedings, activities, public announcements, SEC filings and litigation of the Company relating to the telecom business. The committee reports regularly to the Board on its activities, provides recommendations on any potential transactions. The telecom committee charter specifies that the committee shall consist of at least three independent members of the Board with voting rights. Mr. Vogeleer is the Chair of the telecom committee and Messrs. Turlov and Cherdabayev and Ms. Williams are members of the telecom committee. The telecom committee met 6 times during fiscal 2026.

- (2) The amounts and percentages of shares beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a “beneficial” owner of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days.
- (3) Includes 3,204 and 21,200 restricted shares granted to Mr. Tashtitov as equity incentive compensation. Vesting of these shares is contingent upon Mr. Tashtitov’s continuous service with us through the applicable vesting dates, and, notwithstanding satisfaction of the continuous service requirement, the shares will only vest on the applicable vesting date if the weighted average closing price of a share of our common stock for the 20 trading days immediately prior to the applicable vesting date is greater than 70% of the weighted average closing price of a share of our common stock on the vesting date that immediately preceded the applicable vesting date (the foregoing conditions, collectively, the “Vesting Conditions”). In the event that the condition set forth in the immediately preceding sentence is not satisfied, then the common shares scheduled to vest on the vesting date shall not vest but shall be automatically forfeited on the stated vesting date and we shall have no further obligations to Mr. Tashtitov as to that portion of the restricted stock award forfeited. During the vesting periods, Mr. Tashtitov will be the record owner of the restricted stock and he will be entitled to all the rights of a stockholder of the Company, including the right to vote and receive dividends or other distributions on the shares, provided, however, that dividend payments or other distributions on unvested shares shall be held in custody by the Company and subject to the same restrictions that apply to unvested shares. The shares will not be delivered until they vest, and he has no rights to assign, alienate, pledge, attach, sell or otherwise transfer or encumber the shares until such shares vest, except as otherwise provided in the applicable grant agreement or the 2019 Plan. To the extent he forfeits shares of restricted stock for failure to satisfy an applicable vesting condition, he will no longer be entitled to any rights as a holder of such restricted stock of the Company, including the rights to vote or receive dividends or other distributions on such forfeited shares. Assuming satisfaction of the foregoing vesting conditions, vesting of the 3,204, 10,600 and 10,600 shares occurred on January 25, 2026, May 18, 2025 and May 18, 2026, respectively. Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities.

To our knowledge, based solely upon a review of Forms 3, 4, and 5 filed with the SEC during the fiscal year ended March 31, 2026, we believe that our directors, executive officers, and greater than 10% beneficial owners have complied with all applicable filing requirements during the fiscal year ended March 31, 2026, with the exception of the following. Boris Cherdabayev failed to file on time four Form 4 reports in relation to four transactions that occurred on September 16, 2025, November 4, 2025, November 6, 2025, and December 29, 2025. Pursuant to the Form 4 report filed by Mr. Cherdabayev in relation to the above transactions, the report was filed late due to technical difficulties accessing EDGAR through Login.gov (error LG22) during the relevant filing period and the report was filed promptly upon resolution. Aidon Zhumagulov filed one late Form 4 report in relation to one transaction that occurred on December 2,

2024. Jason Kerr filed one late Form 4 report in relation to one transaction that occurred on July 24, 2025. Renat Tukanov filed one late Form 4 report in relation to one transaction that occurred on February 11, 2026.

Executive Compensation Program Overview

Executive Compensation Philosophy and Objectives

The Company’s compensation programs are designed to align executive compensation outcomes with the Company’s commitment to execute on market leadership, revenue growth and enhanced stockholder value and returns.

The Company is continuing to shift to a more robust pay-for-performance model that balances short- and long-term financial and business objectives with the guiding mission to deliver above market shareholder returns consistent with corporate objectives and the Company’s risk framework. By extension, our executive compensation program is designed with this philosophy in mind and, thus, has the primary goal of closely aligning the interests of executives and other key employees with those of stockholders.

The compensation committee applies this philosophy with a focus on designing a competitive total compensation package that enables the Company to attract and retain qualified executives and senior management with the abilities to drive business transformation and achieve the Company’s financial and business goals. Our key goal in designing our executive compensation programs is to incentivize decisions and behavior that build long-term stockholder value.

The following founding principles help guide us in designing our pay programs toward this end:

- Attract, motivate, and retain a highly qualified and experienced executive team members;
- Incentivize and reward the achievement of strategic and financial goals of the Company, with an emphasis on long-term sustainability goals;
- Utilize compensation elements that are directly linked to achievement of corporate objectives, stockholder value creation and individual performance;
- Maintain flexibility to ensure that awards remain competitive within our peer group;
- Align the interests of our executives with those of our stockholders; and
- Promote adherence to good corporate governance, company policies and values.

Executive Compensation Governance Practices

The compensation committee’s decision making reflects the following core governance principles and practices that we employ to promote our overall compensation objectives and to align executive compensation with the interests of our shareholders:

WHAT WE DO		
	ü	Alignment with Shareholders. Long-term incentive awards for certain executives vest over a period of several years to reward sustained Company performance over time.
	ü	Mix of Awards. Our executive compensation program contains both cash and equity components and is weighted heavily towards at risk-based compensation for the majority of our NEOs.
	ü	Peer Group Comparison. With the help of independent compensation consultants, we annually analyze executive compensation relative to peer companies and published survey data for peer companies.
	ü	Decisions by the Compensation Committee. Executive compensation is determined by our compensation committee, with all three of its members being independent directors.
	ü	Independent Compensation Consultant. The compensation committee may retain its own independent consultant to advise on compensation matters.
WHAT WE DO NOT DO		
	X	No Potential Payments upon Termination or Change in Control. We do not currently have any contract, agreement, plan or arrangement with any of our NEOs providing for such payments.
	X	No Nonqualified Deferred Compensation. We do not have a deferred compensation program for our employees, officers or directors, including our NEOs.
	X	No Pension and Retirement Benefits. We do not offer a company-sponsored pension program or retirement benefits for our employees, officers or directors, including our NEOs.
	X	No Automatic Base Salary Increases. Our NEOs' base salaries are reviewed annually, and the decisions are based on, among other, market data provided by our independent compensation consultant.
	X	No Hedging and Pledging Company Stock. Our policies prohibit the pledging and hedging of our stock by our executives and directors.

Elements of Our Fiscal 2026 Compensation Program

Our NEO compensation program currently has three forms of direct compensation: base salary, annual cash incentive awards, and long-term incentives. Below is an overview of the program's structure:

Element	Type	Form	Key Characteristics	Purpose
Base Salary	Fixed	Cash	Annual adjustments based on individual performance, market pay levels and internal pay equity.	Attracts, retains and rewards NEOs by providing a competitive fixed amount of compensation for service that reflects skill, responsibility, and experience.
Annual Cash Incentive	Variable	Cash	Cash or equity bonuses, based on financial, strategic, and operational goals and individual performance.	Focuses NEOs on achievement of our short-term financial, operational, strategic goals and individual goals. Aligns interests of NEOs with stockholders by promoting strong financial performance and achievement of other key corporate objectives.
Long-term Equity Incentive	Variable	Performance-based Stock Awards	Equity awards that are forfeitable based on stock price performance that ratably vest over three to five years.	Retains NEOs through multi-year vesting of equity awards. Motivates and rewards NEOs for the achievement of long-term corporate performance. Aligns NEOs' interests with long-term stockholder interests.

Fiscal 2026 Total Direct Compensation Mix

The compensation committee strives to achieve an appropriate mix between fixed versus variable pay and cash versus equity-based compensation awards in order to meet our compensation objectives. In determining the mix of compensation among these elements, the committee does not assign specific ratios or other relative measures that dictate the total compensation mix to be awarded or targeted to the executive team, or the portion that is either at-risk or otherwise subject to performance. Nevertheless, as illustrated by the charts below, the compensation committee structured executive

compensation in fiscal 2026 so that a significant portion of the total direct compensation of our NEOs was “at-risk” or performance-based, with the actual value realized subject to the achievement of short-term or long-term corporate and financial performance goals. The below compensation mix is not applicable to all our executives in all years. By linking a significant portion of our executives’ compensation to performance, the compensation committee emphasized incentive-based variable pay, which is consistent with our pay-for-performance philosophy and creates a strong alignment with long-term stockholder value.

* **61%** - Variable “*At Risk*” Compensation, which includes 40% of long-term incentive and 21% of annual cash incentive. For fiscal 2026, this includes the restricted stock award made to Mr. Yerdessov as shown in the Summary Compensation Table and Grants of Plan-Based Awards table below.

39% - Fixed Compensation

Oversight of Executive Compensation

Role of the Compensation Committee

The compensation committee has oversight responsibility in administering and providing guidance over the Company’s executive compensation program. The following is a summary of the committee’s key responsibilities regarding executive compensation:

- To review and approve annually the corporate goals and objectives relevant to the compensation of the Company’s Chief Executive Officer (“CEO”), to evaluate at least annually the CEO’s performance in light of those goals and objectives, and to determine and approve the CEO’s compensation level based on this evaluation, considering the results of the most recent say-on-pay vote;
- To review and approve the compensation of the Company’s other executive officers, considering, where applicable, the results of the most recent say-on-pay vote;
- To consider, approve and administer incentive-based compensation plans or equity-based compensation plans, and, where appropriate or required by applicable law or the Company’s governing documents, to recommend such plans to the Board (and, where required, to stockholders) for approval, including the authority to adopt, amend and terminate such plans; and
- To review and assess stockholders’ say-on-pay and say-on-pay frequency votes and consider results of the most recent say-on-pay vote in evaluating and determining executive compensation.

The compensation committee uses a consistent approach to determine the compensation of each executive officer in order to maintain general alignment among the executive team. In making compensation decisions for our executives as a group, the compensation committee generally sets total compensation, including long-term incentives, based on numerous factors, including job responsibility, individual performance, company performance, competitive market pay and individual responsibilities and experience.

Role of Management

In discharging its responsibilities, the compensation committee works with management, including our CEO. Our management assists the compensation committee by providing information on corporate and individual performance, market compensation data and management's perspective on compensation matters.

Annually, the compensation committee reviews and approves the goals and objectives applicable to the compensation of our CEO. Our CEO's total compensation package is determined entirely by the compensation committee and approved by the Board, based on the compensation committee's evaluation, and reflects his performance, company performance and competitive industry practices. The CEO is not present during deliberations or voting by the compensation committee on his annual compensation package.

In addition, our CEO annually evaluates each of the other executive officers and makes compensation recommendations to the compensation committee. In developing his recommendations, the CEO considers each executive officer's performance against the Company and business segment performance and against his or her individualized goals. The compensation committee has discretion in approving, disapproving or modifying any of the CEO's recommended salary adjustments or proposed awards to the other executive officers, subject to final Board approval.

Role of Independent Compensation Consultants

The compensation committee has engaged Aon in prior years to advise on executive compensation matters. The independent compensation consultant assists the compensation committee in developing a competitive and comprehensive total compensation program that is consistent with our philosophy of goal-oriented pay-for-performance and that allows us to attract, retain and motivate talented executives while remaining in line with industry comparators.

For fiscal 2025, Aon provided various services to the compensation committee, including the design of our compensation peer group and the annual review and analysis of our executive compensation against competitive market data based on the companies in our peer group. Aon was engaged by the compensation committee directly without a recommendation by management. For fiscal 2026, the compensation committee determined not to retain a compensation consultant to advise on executive compensation matters, taking into account the current market conditions and other applicable factors. The compensation committee did not alter the executive compensation program from fiscal 2025 in fiscal 2026, and determined that it was reasonable and in the best interests of the Company to continue to rely on the executive compensation advice obtained from Aon for fiscal 2025 for fiscal 2026.

The compensation committee reviews the independence of its compensation consultants when retained on an annual basis. For fiscal 2025, the year when the compensation consultant was engaged, the compensation committee determined that there were no conflicts of interest as a result of any current, historical, or pending engagement with the compensation consultant.

Role of Stockholders

At the 2025 Annual Meeting, pursuant to Section 14A of the Exchange Act, we submitted a proposal to stockholders for an advisory and non-binding vote to approve the compensation of our executive officers as disclosed in the proxy statement for the 2025 Annual Meeting. This advisory vote on executive compensation, commonly referred to as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers. Such a vote is not intended to address any specific element of compensation, but rather related to the overall compensation of our named executive officers. Approximately 99% of the votes cast at our 2025 Annual Meeting were voted in favor of our executive compensation. While that voting result demonstrated a high level of support for our overall executive compensation program, the compensation committee has remained dedicated to continuously improving the existing executive compensation program. At the 2024 Annual Meeting, we conducted an advisory vote on the frequency of the advisory "say-on-pay" vote and our stockholders recommended that we conduct such advisory vote at each Annual Meeting of Stockholders. In consideration of, and consistent with, the recommendation of our stockholders, the Board determined to conduct the advisory vote on executive compensation annually, commencing in 2025.

Accordingly, at the 2026 Annual Meeting, we are providing our stockholders with the opportunity to cast a say-on-pay vote in respect of the compensation of our NEOs as disclosed in this Proxy Statement. See Proposal Two.

Compensation Practices Related to Risk Management

Our current compensation programs are discretionary, balanced and focused on rewarding based on performance. Under this structure, the highest amount of compensation can be achieved only through consistent superior performance over the relevant performance period. This provides strong incentives to manage the Company for the long term, while avoiding excessive risk-taking in the short term. Likewise, the elements of our targeted compensation are balanced among current cash payments and equity awards.

The compensation committee considers risk management practices when reviewing and determining incentive compensation we provide to our executive officers. Specifically, the compensation committee reviews the Company's overall executive officer compensation structure, taking into account such factors as the overall mix of compensation, the performance measures that are used under the Company's incentive programs, the length of vesting periods where applicable, and the overall relationship of the Company's compensation programs to the Company's business risk.

Peer Group and Benchmarking to Market

The peer group used for fiscal 2026 was the same one approved by the compensation committee for fiscal 2025 with the support of the compensation consultant. The compensation committee does not apply a formulaic approach to setting the NEOs' compensation at any specific level or percentile against the peer group described. However, the compensation committee periodically reviews peer group compensation data to assess the competitiveness of our executive compensation practices, structures and levels.

In general, the peer group utilized for fiscal 2026 and shown below reflected similarly sized (based on assets, market capitalization and revenue) publicly traded companies in the financial services industry (specifically including investment banking organizations). For the purpose of its pay mix analysis conducted in fiscal 2025, Aon also utilized the peer categorization by two groups: investment banking- and technology-focused peers. The peer group is broadly consistent with the markets in which we operate.

Fiscal 2026 Components of Executive Compensation

The three key elements of our executive compensation program are (i) base salary, (ii) annual short-term cash incentives, and (iii) long-term incentives.

Base Salary

The compensation committee annually reviews executive officer base salary levels, typically at the beginning of the year, with a goal of providing competitive, fixed cash compensation. The compensation committee generally seeks to maintain executive base salaries near the median level of salaries for comparable positions in the peer group. As such, the compensation committee approved the following NEO base salaries for fiscal 2026:

Name	2026 Adjusted Base Salary ⁽¹⁾
Timur Turlov	\$6,250,000
Askar Tashtitov	\$2,500,000
Evgeny Ler	\$2,500,000
Azamat Yerdessov	\$660,270
Jason Kerr	\$1,000,000

⁽¹⁾ Base salary is paid to our NEOs in several currencies, including Kazakhstan tenge and the U.S. dollar. Certain amounts paid to our NEOs have been adjusted to reflect currency fluctuations during fiscal 2026.

Annual Short-Term Cash Incentive Compensation

Certain of our NEOs are eligible to earn an annual short-term cash incentive designed to reward and promote achievement of the Company's short-term business objectives and enhance stockholder value. For fiscal 2026, short-term cash incentives were tied to the achievement of certain KPIs approved by the compensation committee, based on each executive's functional responsibilities and aligned with the Company's broader transition to a global, Company-wide compensation policy. During fiscal 2026, the Company established the new position of Chief Human Resources Officer who is expected to lead the KPI development process.

In addition to the above, to receive a bonus payout, an NEO must be an employee during the fiscal year that the bonus payment is earned and subsequently when the bonus payment is payable. The following table shows the fiscal 2026 annual short-term cash incentive award paid to each NEO serving as of March 31, 2026:

Name	Fiscal 2026 Adjusted Base Salary ⁽¹⁾	Total Actual Bonus Payout ⁽¹⁾	Actual as a % of Salary
Timur Turlov	\$6,250,000	\$2,500,000	40%
Askar Tashtitov	\$2,500,000	\$2,000,000	80%
Evgeny Ler	\$2,500,000	\$1,737,000	69%
Azamat Yerdessov	\$660,270	\$—	—%
Jason Kerr	\$1,000,000	\$916,667	92%

⁽¹⁾ Bonus payouts to our NEOs in respect of fiscal 2026 were paid in several currencies, including Kazakhstani tenge and the U.S. dollar. Certain bonus payout amounts have been adjusted to reflect the impact of currency fluctuations during fiscal 2026. The U.S. dollar amounts shown in the table above were calculated based on the method described in note 2 to the Summary Compensation table below.

Long-term Incentive Awards

From time to time, we may award equity incentive compensation to our employees, including our NEOs, designed to compensate them for Company performance and their contributions to Company success. The compensation committee determines the amount of these awards, as well as the mix or weighting of these awards. When considering the total long-

term equity-based incentive award amount granted to each employee, the compensation committee generally reviews the comparison to the peer group, the relative value of each compensation element, the expense of such awards, and the impact on dilution. The grant of restricted stock units made to Mr. Yerdessov in fiscal 2026 is subject to the Vesting Conditions described in the footnotes to the Securities Ownership table and was designed to incentivize the NEO to drive Company value in the interests of shareholders.

See “Security Ownership”, “Grants of Plan-Based Awards”, “Outstanding Equity Awards at Fiscal Year-End” and “Option Exercises and Stock Vested” for more information about the Company’s long-term incentive awards.

Nonqualified Deferred Compensation

We do not have a deferred compensation program for our employees, officers or directors, including our NEOs.

Pension and Retirement Benefits

We do not offer a company-sponsored pension program or retirement benefits for our employees, officers or directors, including our NEOs. Several of the countries in which we operate have nationally sponsored pension programs to which we are required to make contributions. Such contributions are paid by us to the government on behalf of the employee. We do not have other liabilities related to any supplementary pensions, post-retirement health care, insurance benefits or retirement indemnities.

Potential Payments upon Termination or Change in Control

We do not currently have any contract, agreement, plan or arrangement with any of our NEOs that would result in any potential payment upon resignation, retirement or other termination of employment with the Company or as a result of a change in control of the Company or change of responsibilities in the event of a change in control of the Company.

Fiscal 2027 Executive Compensation

No changes to base salary or new equity incentive awards have yet been made for fiscal 2027. The compensation committee and Board continue re-evaluating executive compensation and expect to make several changes to NEOs base salary and/or make discretionary cash bonus and/or equity incentive awards for the 2027 fiscal year.

Policy Regarding Recoupment of Certain Incentive Compensation

Effective in October 2023, the Board adopted the Compensation Recoupment Policy regarding recoupment of certain incentive compensation (the “Recoupment Policy”) in accordance with SEC rules and Nasdaq listing rules, which mandate the adoption of a policy (and compliance with such policy) providing for the recovery of certain erroneously paid performance-based incentive compensation that is received by our current and former executive officers on or after October 2, 2023, if the Company is required to prepare a qualifying financial restatement during the three completed fiscal years immediately prior to the fiscal year in which a financial restatement determination is made, subject to limited exceptions. The Recoupment Policy also includes a discretionary clawback policy to recoup compensation, including time-based compensation in certain circumstances involving misconduct by our executive officers where recoupment is not otherwise required by U.S. securities laws or Nasdaq rules.

Compensation Committee Report

The compensation committee has reviewed the preceding Compensation Discussion and Analysis and discussed its contents with our management. Based on the review and discussions, the compensation committee has recommended to the Board that this Compensation Discussion and Analysis be included in this Proxy Statement and, through incorporation by reference, in our Annual Report on Form 10-K for the year ended March 31, 2026.

Pay Ratio Disclosure

We are required to calculate and disclose the total compensation paid to our median employee, as well as the ratio of total compensation paid to such median employee as compared to total compensation paid to our CEO pursuant to Section 953(b) of the Dodd-Frank Act and Item 402(u) of Regulation S-K. We believe the ratio of pay included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. SEC rules for identifying the median employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices.

We determined total compensation awarded to our global employees based on cash compensation rates of our employees who are paid in foreign currencies, which we converted into U.S. dollars using the average annual foreign exchange conversion rate for salary paid during the year and the rate in effect on March 31, 2026, for incentive awards related to year-end compensation.

As of March 31, 2026, we had 11,846 employees, located in the following countries: Kazakhstan - 10,624, Kyrgyzstan - 39, Tajikistan - 110, Uzbekistan - 57, Cyprus - 256, France - 7, Greece - 18, Germany - 9, Lithuania - 9, Poland - 8, Bulgaria - 6, Iberia - 10, Italy - 3, Netherlands - 5, Azerbaijan - 8, the United States - 55, the United Kingdom

(the “UK”) - 3, UAE - 138, Armenia - 432 and Turkey - 49. In determining the median employee, we did not include employees from the following countries as they represented, in aggregate, less than 5% of our employee population:

- Azerbaijan - 8 employees
- Bulgaria - 6 employees
- France - 7 employees
- Germany - 9 employees
- Greece - 18 employees
- Iberia - 10 employees
- Italy - 3 employees
- Kyrgyzstan - 39 employees
- Lithuania - 9 employees
- Netherlands - 5 employees
- Poland - 8 employees
- Turkey - 49 employees
- Tajikistan - 110 employees

After excluding our CEO and employees located in the countries listed above in accordance with SEC rules, we determined our median employee from a population of 11,447 employees.

The fiscal 2026 annual total compensation for Mr. Turlov, our CEO, as reported in the Summary Compensation Table in this Proxy Statement, was \$17,043,328. The fiscal 2026 annual total compensation for our median employee, determined in accordance with the requirements for determining total compensation in the Summary Compensation Table was \$13,975. The ratio of our CEO’s annual total compensation to the annual total compensation of our median employee for fiscal 2026 is 1,220 to 1.

This pay ratio information was developed and is being provided solely to comply with specific legal disclosure requirements. We do not use this information in making compensation decisions or in running our Company.

Pay versus Performance

As required by Section 953(a) of the Dodd-Frank Act and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive compensation actually paid (as defined by SEC rules) and certain financial performance measures of the Company. Our compensation committee did not consider the pay versus performance disclosure when making its incentive compensation decisions. For further information about how we align executive compensation with the Company's performance, see the "Executive Compensation" section contained in this Proxy Statement.

Pay versus Performance Table

The table below presents the annual compensation paid to our named executive officers ("NEOs") and our financial performance for each of the five previous fiscal years. The amounts in the table below are calculated in accordance with SEC rules and do not represent amounts actually earned or realized by NEOs.

⁽¹⁾ Timur Turlov was PEO for each of fiscal years 2022, 2023, 2024, 2025 and 2026.

⁽²⁾ Non-PEO NEOs whose average compensation is reflected in columns (d) and (e) consist of Askar Tashtitov and Evgeny Ler for each of the fiscal years presented, and Azamat Yerdessov and Jason Kerr for fiscal 2026.

⁽³⁾ Compensation actually paid, or "CAP," as reflected in columns (c) and (e), was calculated in accordance with SEC rules based on the Total Compensation as reflected in the Summary Compensation Table, or "SCT." The following tables reconcile CAP to the SCT Total for the PEO and the non-PEO NEOs.

⁽⁴⁾ Total Stockholder Return, or "TSR" and Peer Group TSR reflect our TSR compared to that of similarly sized (based on assets, market capitalization and revenue sizes as well as total shareholder return) publicly traded companies in the financial services industry (specifically including investment banking organizations). The peer group was recommended by an independent national compensation consulting firm hired to advise on executive compensation matters, and adopted by the compensation committee, is broadly consistent with the markets in which we operate. There were no changes in the peer group composition for fiscal 2026. The dollar amounts in columns (f) and (g) represent the value at the end of the applicable fiscal year of an assumed \$100 invested as of March 31, 2022.

⁽⁵⁾ While we use a number of financial and non-financial performance measures to evaluate performance under our compensation programs, FRHC share price is the measure that represents the performance measure used to link compensation actually paid to NEOs.

Relationship between Compensation Paid and Performance Measures

The charts below show the relationship between the Compensation Actually Paid (calculated as prescribed by SEC rules) to the PEO and the Average Compensation Actually Paid (calculated as prescribed by SEC rules) to the Non-PEO NEOs in fiscal 2022, 2023, 2024, 2025 and 2026 to each of (1) total shareholder return, or TSR, for the Company and the peer group for such years, (2) the net income of the Company for such years and (3) the share price of the Company for such years.

Policies and Practices Related to the Grant of Certain Equity Awards

Based on our general executive compensation policy, the Company did not grant stock options or instruments similar to options in fiscal 2026. The Company does not have policies or practices regarding the timing of awards of options in relation to the disclosure of material nonpublic information (“MNPI”) and no named executive officer received an award of stock options during fiscal year 2026. Accordingly, the Board and the compensation committee do not consider MNPI when determining the timing or terms of such awards. Additionally, we do not time the disclosure of MNPI for the purpose of affecting the value of executive compensation.

PROPOSAL TWO - ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Exchange Act and in accordance with the vote of our shareholder at the 2024 annual meeting, we currently provide our stockholders with the opportunity to vote to approve, on an advisory and non-binding basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the compensation disclosure rules of the SEC once every year. The next advisory and non-binding vote to approve named executive officer compensation is currently planned to be held at our 2027 Annual Meeting.

Our executive compensation programs are designed to attract, motivate, and retain our named executive officers, who are critical to our success, and to reward our named executive officers for the achievement of strategic and operational goals and the achievement of increased total stockholder returns. We seek to align the interests of our named executive officers with the interests of our stockholders. Our compensation committee reviews named executive officer compensation to ensure such compensation is consistent with our goals.

This vote is advisory, which means that the vote on executive compensation is not binding on us, our Board, or our compensation committee. The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of our named executive officers, as described in this Proxy Statement. Because we value our stockholders' views on named executive officer compensation and as a matter of good corporate governance, to the extent there is a significant vote against our named executive officer compensation as disclosed in this Proxy Statement, the compensation committee will consider such as a direction to the Board and the compensation committee to evaluate our named executive officer compensation practices and to determine what actions may be necessary to address our stockholders' concerns.

Accordingly, we ask you to vote on the following resolution at the 2026 Annual Meeting:

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the 2026 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Summary Compensation Table, and the other related tables and disclosure.”

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” APPROVAL OF THE NON-BINDING ADVISORY RESOLUTION REGARDING COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THE PROXY STATEMENT.

A representative of Deloitte LLP is expected to virtually attend the annual meeting. Such representative will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

We are asking our stockholders to ratify the selection of Deloitte LLP as our independent registered public accounting firm. Although ratification is not required by our By-Laws or otherwise, the Board is submitting the selection of Deloitte LLP to our stockholders for ratification as our audit committee has recommended because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate practice. If our stockholders fail to ratify the selection, we will consider that failure as a direction to the Board and the audit committee to consider the selection of a different firm. Even if the selection is ratified, the audit committee in its discretion may select a different independent registered public accounting firm, at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF DELOITTE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2027 FISCAL YEAR.
