PROXY STATEMENT

GENERAL

SOLICITATION OF PROXIES. This proxy statement is being furnished to the stockholders of BMB Munai, Inc., a Nevada corporation, in connection with the solicitation of proxies by our board of directors for use at our annual meeting of stockholders to be held at the InterContinental Ankara in Kazakhstan, Zheltoksan 181, Almaty 050013, Kazakhstan at 10:00 a.m., local time, on August 4, 2009, or at any adjournment thereof. A copy of the notice of meeting accompanies this proxy statement. It is anticipated that the mailing of the notice, proxy statement and proxy will commence on or about July 10, 2009.

COST OF SOLICITATION. We will bear the costs of soliciting proxies. In addition to the use of the mails, certain directors or officers of our Company may solicit proxies by telephone, telegram, facsimile, cable or personal contact. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of our common stock.

OUTSTANDING VOTING SHARES. Only stockholders of record at the close of business on July 2, 2009, the record date for the meeting, will be entitled to notice of and to vote at the meeting. On the record date, we will have 47,378,420 shares of common stock outstanding, which are our only securities entitled to vote at the meeting, each share being entitled to one vote.

VOTE REQUIRED FOR APPROVAL. Each share of our common stock outstanding on the record date is entitled to one vote on each matter to be voted upon. Directors will be elected by the vote of a majority of the votes cast at the meeting. Accordingly, the two directors receiving the highest number of votes "FOR" will be elected, even if such nominee receives less than a majority of the votes cast. Votes cast with respect to the election of directors include votes to "withhold" authority but do not include abstentions and broker non-votes.

Each of the other matters scheduled to come before the annual meeting will be approved if it receives the affirmative vote of a majority of shares present, in person or by proxy, and entitled to vote on the matter. Abstentions will be included in the vote totals for these matters and therefore will have the same effect as a negative vote; broker non-votes will not be included in the vote totals and therefore will have no effect on the vote.

Under the NASD Rules of Fair Practice, brokers who hold shares in street name have the authority, in limited circumstances, to vote on certain items when they have not received instructions from beneficial owners. A broker will only have such authority if (i) the broker holds the shares as executor, administrator, guardian, trustee or in a similar representative or fiduciary capacity with authority to vote or (ii) the broker is acting under the rules of any national securities exchange of which the broker is also a member. Broker abstentions or non-votes will be counted for purposes of determining the presence or absence of a quorum at the meeting. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders, but broker non-votes are not counted for purposes of determining whether a proposal has been approved.

VOTING; REVOKING YOUR PROXY. Proxies in the accompanying form which are properly executed and received by us prior to the annual meeting and not revoked will be voted as directed. In the absence of direction from the stockholder, properly executed proxies received prior to the annual meeting will be voted FOR the nominees to the board of directors and FOR Proposals 2 and 3. You may revoke your proxy by giving written

notice of revocation to our Secretary at any time before your proxy is voted, by submitting a later-dated proxy or by attending the annual meeting and voting your shares in person. Stockholders are urged to sign and date the enclosed proxy and return it as promptly as possible in the envelope enclosed for that purpose.

DISSENTERS' RIGHTS

No dissenters' rights are available to any stockholder who dissents from any of the proposals set forth in the Proxy Statement under the Nevada Revised Statutes or under our current Articles of Incorporation or By-Laws.

PROPOSAL ONE

ELECTION OF TWO CLASS II DIRECTORS

The board of directors currently consists of seven members, divided into three classes, Class I, Class II and Class III. One class of directors is elected each year to hold office for a three-year term. The term of our two Class II directors, Leonard M. Stillman, Jr., and Stephen Smoot expires in 2009. Mr. Smoot has chosen not to stand for re-election. His decision is not the result of any disagreement with the Company, but rather to allow him to pursue other opportunities. Mr. Stillman has been nominated to stand for re-election. The board of directors has also nominated Daymon M. Smith to stand for election at the annual meeting. Our remaining five directors will continue to serve as set forth below. Each of the nominees has agreed to serve as a director if elected, and we believe each nominee will be available to serve. The board of directors recommends a vote "FOR" each of the nominees.

Involvement in Certain Legal Proceedings

During the past five years none of our executive officers, directors, the nominee, promoters or control persons has been involved in any of the following events that could be material to an evaluation of his ability or integrity, including:

(1) Any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time.

(2) Any conviction in a criminal proceeding or being subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);

BOARD MEETINGS AND ATTENDANCE AT ANNUAL MEETINGS

The board held four meetings during our 2009 fiscal year. Each director attended at least 75% of the board of director meetings during the 2009 fiscal year (held during the period for which he has been a director) and the committees on which he served (during the period that he served). The board did not take written action without a meeting during the 2009 fiscal year.

We encourage our directors to attend the annual meeting of stockholders. All of the Company's directors at the time of the 2008 annual meeting attended that meeting with the exception of Mr. Nilson and Mr. Tolkachev.

DIRECTOR INDEPENDENCE

The board of directors has determined that Boris Cherdabayev the Chairman of our board of directors and Askar Tashtitov, our Company president would not be considered "independent directors" as that term is defined in the listing standards of the NYSE Amex Equities. The board of directors has determined that Jason Kerr, Troy Nilson, Leonard M. Stillman, Jr., and Valery Tolkachev are "independent directors" as that term is defined in the listing standards of the NYSE Amex Equities. The board of directors has also determined that, if elected, nominee Daymon M. Smith would be considered "independent" as that term is defined in the listing standards of the NYSE Amex Equities Exchange. Such independence definition includes a series of objective tests, including that the director is not an employee of the company and has not engaged in various types of business dealings with the company. In addition, as further required by NYSE Amex Equities listing standards, the board of directors has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

BOARD COMMITTEES

The board has standing audit, compensation, and corporate governance and nominating committees. The board has adopted written charters for each of these committees. These charters are available on the Company's website at www.bmbmunai.com.

The audit committee is responsible for the pre-approval of all non-audit services provided by our independent registered public accounting firm. Non-audit services are only provided by our independent registered public accounting firm to the extent permitted by law. The audit committee has been comprised of three independent directors, Troy Nilson, Stephen Smoot and Jason Kerr. Mr. Nilson has and will continue to act as chairman of the committee. Our board of directors has determined that Mr. Nilson qualifies as an “audit committee financial expert” under the rules of the SEC adopted pursuant to the requirements of the Sarbanes-Oxley Act of 2002. As discussed above, our board of directors has also determined that Mr. Nilson, Mr. Smoot and Mr. Kerr each qualifies as “independent” in accordance with the applicable regulations adopted by the SEC and NYSE Amex Equities. If elected, it is the intention of the board of directors to appoint nominee Daymon M. Smith to fill the vacancy that will be created on the audit committee by Mr. Smoot’s decision not to stand for re-election to the board of directors. As noted above, our board of directors has determined that Daymon M. Smith will qualify as “independent” in accordance with the applicable regulations adopted by the SEC and NYSE Amex Equities and otherwise meets the requirements to serve on an audit committee.

The audit committee met five times during our 2009 fiscal year. The audit committee did not take action by written consent during fiscal 2009.

Compensation Committee

Our board of directors has also established a compensation committee. The principal functions of the compensation committee are to:

- make recommendations regarding compensation of the Company’s officers;

- approve individual executive officers’ compensation; and
- prepare the report on executive compensation required to be included in our annual proxy statement.

During the 2009 fiscal year, our compensation committee was comprised of three directors. Mr. Nilson and Mr. Tolkachev served on the compensation committee for the full year, with Mr. Nilson serving as the committee chair. Mr. Kerr replaced Mr. Smoot as a member of the compensation committee during the 2009 fiscal year. Compensation for all executive officers is also recommended to the board for determination, by the compensation committee.

The compensation committee met three times during our 2009 fiscal year. The compensation committee took no actions by written consent during fiscal 2009.

Compensation Committee Interlocks and Insider Participation

Mr. Nilson and Mr. Tolkachev served on our compensation committee during the entire 2009 fiscal year. Mr. Smoot and Mr. Kerr also served on the compensation committee during part of the 2009 fiscal year. No member of our compensation committee during fiscal 2009 is or was formerly an officer or employee of the Company or any of its subsidiaries. No interlocking relationships exist between any member of our compensation committee and the compensation committee of any other company, nor has any such interlocking relationship existed in the past.

Corporate Governance and Nominating Committee

We have adopted a corporate governance and nominating committee charter. Our corporate governance and nominating committee is currently staffed by Jason Kerr, Valery Tolkachev, Troy Nilson, Stephen Smoot and Leonard Stillman, with Mr. Kerr currently serving as the committee chair. In general, when the board determines that expansion of the board or replacement of a director is necessary or appropriate, the independent directors will review, through candidate interviews with members of the board and management, consult with the candidate's associates and through other means determine the candidate's qualifications with respect to the candidate's: honesty, integrity, reputation in and commitment to the community, judgment, personality and thinking style, residence, willingness to devote the necessary time, potential conflicts of interest, independence, understanding of financial statements and issues, and the willingness and ability to engage in meaningful and constructive discussion regarding Company issues. The independent directors review any special expertise, for example, that qualifies a person as an audit committee financial expert, membership or influence in a particular geographic or business target market, or other relevant business experience. To date we have not paid any fee to any third-party to identify or evaluate, or to assist it in identifying or evaluating, potential director candidates.

The corporate governance and nominating committee may consider director candidates nominated by shareholders during such times as the Company is actively considering obtaining new directors. For information regarding how to submit a recommendation on a director candidate see "*Shareholder Proposals for Next Year*" below.

The corporate governance and nominating committee met two times during our 2009 fiscal year. The corporate governance and nominating committee took no actions by written consent during fiscal 2009.

Our board may establish other committees from time to time to facilitate our management.

Changes In And Disagreements With Accountants On Accounting And Financial Disclosure

As previously reported in the Current Report on Form 8-K we filed on February 26, 2007, the audit committee of our board of directors terminated the engagement of BDO Kazakhstanaudit as the Company's independent registered public accounting firm as of February 21, 2007. BDO Kazakhstanaudit had served as our independent registered public accounting firm since February 2004.

The audit report of BDO Kazakhstanaudit for the fiscal year ended March 31, 2006 did not contain an adverse opinion, disclaimer of opinion or qualification or modification as to uncertainty, audit scope or accounting principles.

In connection with its audit for year ended March 31, 2006 and review of unaudited financial statements through December 31, 2006 and through the date of dismissal there were no disagreements with BDO Kazakhstanaudit, on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which if not resolved to the satisfaction of BDO Kazakhstanaudit, would have caused them to make reference thereto in its reports on the financial statements for such years.

During the 2005 and 2006 fiscal years and through February 21, 2007, there were no reportable events (as defined in Regulation S-K, Item 304(a)(1)(v)).

On February 21, 2007, we engaged Hansen, Barnett & Maxwell, P.C. to serve as our independent registered public accounting firm. Hansen, Barnett & Maxwell, P.C. audited our financial statements for the years ended March 31, 2008 and 2007.

Prior to their engagement on February 21, 2007, we had not consulted with Hansen, Barnett & Maxwell, P.C. regarding (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and no written report or oral advice was provided to us by Hansen, Barnett and Maxwell, P.C. that was an important factor considered by our audit committee in reaching a decision as to an accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement (within the meaning of Instruction 4 of Item 304 of Regulations S-K), or a reportable event (as that term is defined in Item 304(a)(1)(v) of Regulation S-K.)

Audit Committee Pre-Approval Policies and Procedures. The Audit Committee had not, as of the time of filing this annual report on Form 10-K with the Securities and Exchange Commission, adopted policies and procedures for pre-approving audit or permissible non-audit services performed by our independent auditors. Instead, the Audit Committee as a whole has pre-approved all such services. In the future, our Audit Committee may approve the services of our independent auditors pursuant to pre-approval policies and procedures adopted by the Audit Committee, provided the policies and procedures are detailed as to the particular service, the Audit Committee is informed of each service, and such policies and procedures do not include delegation of the Audit Committee's responsibilities to our management.

The Audit Committee has determined that the provision of services by Hansen, Barnett & Maxwell, P.C. described above are compatible with maintaining Hansen, Barnett & Maxwell, P.C.'s independence as our independent registered public accounting firm.

The Board of Directors recommends that our stockholders vote "FOR" the proposal to ratify of the selection of Hansen, Barnett & Maxwell, P.C. as our independent registered public accounting firm for the 2010 fiscal year.

EXECUTIVE AND DIRECTOR COMPENSATION

We have a compensation committee of three independent directors. That committee has been delegated authority from our board of directors and its activities are governed by a compensation committee charter. One of the roles of the compensation committee under its charter is to review and approve annually all compensation decisions relating to our executive officers. Our compensation committee utilizes external analyses to inform its executive compensation decisions and processes.

Objectives and Philosophy of Our Executive Compensation Program

The primary objectives of our executive compensation program are to:

- attract, retain and motivate skilled and knowledgeable executive talent;
- ensure that executive compensation is aligned with our corporate strategies and business objectives;
- promote the achievement of key strategic and financial performance measures by linking short- and long-term cash and equity incentives to the achievement of measurable corporate and individual performance goals; and
- align executives' incentives with the creation of stockholder value.

In setting executive compensation our compensation committee has historically relied on compensation comparisons to energy industry companies with revenues between \$25 million and \$99.9 million and to a peer group of a few similarly sized oil and gas exploration companies in Kazakhstan to assist in establishing the compensation packages of its executive officers.

The compensation committee has historically tried to maintain total executive compensation within a range between the 25th percentile and the general industry average. To accomplish this objective, while at the same time recognizing the Company's need for cash, the compensation committee has historically targeted total cash compensation within the 25th percentile of the general industry comparison. The committee has historically relied on setting long-term incentive compensation, in the form of restricted stock and option grants, above the industry average to provide a total compensation package in a range between the 25th percentile and the industry average.

In addition to the energy industry comparison companies, the committee also considers compensation paid to our peer group because we directly compete with these companies for executive talent. For the fiscal year ended March 31, 2009, our peer group consisted of three companies, Max Petroleum PLC and Roxi Petroleum PLC. While the compensation committee recognizes the need to be competitive with our peer group, the committee also considered the economic and financial constraints facing the Company. We anticipate that total compensation paid to our named executive officers will be approximately 40% to 50% lower than total compensation paid by our peer group during the fiscal year ended March 31, 2009.

While the compensation committee engages in compensation comparisons, it is not the sole factor they consider in setting executive compensation. The committee also takes into account a number of other factors, including key strategic, financial and operational goals set by our board of directors, such as satisfying our annual minimum work program or special achievements attained by executive management.

As discussed above, the compensation committee has historically provided a portion of executive compensation in the form of equity awards that vest over time. We believe this will help to retain our named executive officers and align their interests with those of our stockholders by allowing the executives to participate in our longer term success as reflected in asset growth and stock price appreciation.

Components of our Executive Compensation Program

At this time, the primary elements of our executive compensation program are:

- base salaries;
- non-equity incentive compensation and bonuses;
- equity incentive awards; and
- benefits and other compensation.

We do not have any formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, we determine subjectively on a case-by-case basis the appropriate level and mix of the various compensation components.

Base salaries

Base salaries are used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executive officers. Base salaries for our executive officers typically have been set in our offer letter to the executive at the outset of employment. We rely on several factors to determine the base salaries of our executive officers. As noted above, our compensation committee considers both salaries paid by the energy industry comparison companies and by our peer group companies. The committee has historically attempted to maintain base salaries within the 25th percentile of the general industry average. The committee also considers the base salaries of our peer group and has historically tried to maintain base salaries that are fairly competitive with, but lower than the peer group average. While the committee relies upon compensation comparisons in determining base salaries, it is not the sole, or necessarily the principal factor determining base salaries. The principal factor in determining base salaries is the negotiation process between the Company and the named executive officer. While the Company has historically stayed within the compensation levels discussed above, there may be instances when, based on an individual's performance, experience or expertise, need, or local market or labor conditions the compensation committee may award base salaries that exceed the compensation it has historically relied on in order to retain current or attract new executive talent.

Under the terms of our employment agreements, consistent with our executive compensation program objectives, base salaries for our executives, together with other components of compensation, may be evaluated by our compensation committee for adjustment based on an assessment of an executive's performance and compensation trends in our industry.

During the fiscal year ended March 31, 2009, the compensation committee awarded no base salary increases to Gamal Kulumbetov and Askar Tashtitov to keep their salaries competitive in the local market and to maintain their base salaries with the ranges discussed in the preceding any paragraphs.

Non-equity incentive compensation and bonuses

From time to time we may make cash awards to our employees. Such awards may be designed to incentivize employees over a specified period of time pursuant to pre-established, performance-based criteria, the accomplishment of which is substantially uncertain at the time the criteria are established. In the event this type of cash award were made, it would be reflected in the "Summary Compensation Table" under a separate column entitled "Non-Equity Incentive Plan Compensation." We may use non-equity incentive compensation to incentivize our employees. The criteria for earning such non-equity incentive bonuses may be based on corporate financial performance measures that would be developed by our compensation committee at the time such non-equity incentive plan is established. Our compensation committee has discretion to determine the applicable performance measures and the appropriate weighting of such measures at the time it establishes any non-equity incentive plan. The compensation committee did not establish a non-equity incentive compensation plan during the fiscal year ended March 31, 2009 and no non-equity incentive compensation was awarded during the year.

We may also make cash awards to employees that are not part of any pre-established, performance-based criteria. Awards of this type are completely discretionary and subjectively determined by the compensation committee at the time they are awarded. Such awards are reported in the "Summary Compensation Table" in the column entitled "Bonus." In July 2008 the compensation committee, of its own discretion, determined to award to each of the named executive officers a bonus equal to one month of the executive officer's salary. The bonuses were not awarded pursuant to any pre-established, performance-based criteria set by the compensation committee, but in recognition of the growth in the Company's production, revenue and net income during the year. The Company was under no obligation to award the cash bonuses.

Equity incentive awards

Our equity award program is the primary vehicle for offering long-term incentives to our executives. Our equity awards to executives have typically been made in the form of restricted stock grants and stock options. Although we do not have any equity ownership guidelines for our executives, we believe that equity grants provide our executives with a direct link to our long-term performance, create an ownership culture and align the interests of our executives and our stockholders. In addition, the vesting feature of our equity grants should further our objective of executive retention because this feature provides an incentive to our executives to remain in our employ during the vesting period.

In determining the size of equity grants to our executives, our compensation committee and board of directors have considered comparative share ownership of executives in our compensation peer group, the Company's performance, the applicable executive's performance, the amount of equity previously awarded to the executive, the vesting of such awards and the recommendations of management.

Grants of equity awards, including those to executives, are all approved by our compensation committee and the board of directors and are granted based on the fair market value of our common stock. Vesting of equity awards has varied from immediate vesting to vesting of periods ranging from one to five years depending on the purpose of the award. When we have made equity awards that vested immediately, they were typically in recognition of services already rendered or goals already accomplished.

Generally, our compensation committee meets annually to review our executive compensation program objectives and make recommendations to our board of directors regarding equity awards and incentives to retain employees. We do not have a program, plan or practice of selecting grant dates for equity compensation to our executive officers in coordination with the release of material non-public information. Equity award grants are made from time to time in the discretion of our compensation committee consistent with our executive compensation program objectives. In July 2008, our board of directors, at the recommendation of the compensation committee, awarded restricted stock grants to certain executive officers, directors, employees and outside consultants of the Company in recognition of services rendered to the Company. The aggregate number of restricted common shares granted was 1,330,000, the total number of grant recipients was 14.

Benefits and other compensation

Under the terms of their employment contracts, our named executive officers are permitted to participate in such pension, profit sharing, bonus, life insurance, hospitalization, major medical and other employee benefit plans as may be in effect from time to time to the extent the executive is eligible under the terms of such plans.

Under the employment agreements with our named executive officers, we agree to pay all taxes and dues under applicable laws of Kazakhstan for our named executive officers including income and social taxes and government pension fund payments.

Social tax

We make payments of mandatory social tax in an amount 11% of employee wages. These costs are recorded in the period when they are incurred and presented as salary related tax expense in the income statement.

Pension fund payment

In accordance with the legislative requirements of the Republic of Kazakhstan during 2008 we were required to pay into an employee pension fund an amount equivalent to 10% of each employee's wages, up to a maximum of \$700 per month. Pension fund payments are withheld from employees' salaries and included with other salary costs in the income statement. We do not have any other liabilities related to any supplementary pensions, post retirement health care, insurance benefits or retirement indemnities.

Except for annual salary, and as otherwise specifically addressed herein, the terms and conditions of the employment agreement of each of the executive and non-executive level officers are the same in all material respects. The employment agreements provide for an initial term of one year with two consecutive one-year renewals unless terminated by either party prior to the beginning of the renewal term. A form of the Employment Agreement was filed as an exhibit to the current report on Form 8-K we filed on April 12, 2007.

Under the agreements, salary is reviewable no less frequently than annually and may be adjusted up or down by the compensation committee in its sole discretion, but may not be adjusted below the initial annual salary amount listed in the agreement. The agreements provide that each of the officers is entitled to participate in such pension, profit sharing, bonus, life insurance, hospitalization, major medical and other employee benefit plans of the company that may be in effect from time to time, to the extent the individual is eligible under the terms of those plans. The agreements provide that each officer is eligible at the discretion of the compensation committee and the board of directors to receive performance bonuses. Each officer is entitled to 28 days vacation in accordance with the vacation policies of the Company, as well as paid holidays and other paid leave set forth in the Company's policies. There is no accrual of vacation days and holidays.

The agreements and, as detailed below, all obligations thereunder may be terminated upon the occurrence of the following events: i) death, ii) disability; iii) for cause immediately upon notice from the Company or at such time as indicated by the Company in said notice; iv) for good reason upon not less than 30 days notice from an officer to the Company; v) an extraordinary event, unless otherwise agreed in writing.

Under the agreements the named executive officer may be deemed disabled if for physical or mental reasons he is unable to perform his duties for 120 consecutive days or 180 days during any 12 month period. Such disability will be determined by a jointly agreed upon medical doctor.

The agreements provide that any of the following will constitute "cause": i) breach of the employment agreement; ii) failure to adhere to the written policies of the Company; iii) appropriation by the officer of a material business opportunity; iv) misappropriation of funds or property of the Company; v) conviction, indictment or the entering of a guilty plea or a plea of no contest to a felony.

"Good reason" under the agreements may mean any of the following: i) a material breach of the employment agreement; ii) assignment of the officer without his consent to a position of lesser status or degree of responsibility; iii) relocation of the Company's principal executive offices outside the Republic of Kazakhstan; iv) if the Company requires the officer to be based somewhere other than principal executive offices of the Company without the officer's consent.

Under the employment agreements, "extraordinary event" is defined as any consolidation or merger of the Company or any of its subsidiaries with another person, or any acquisition of the Company or any of its subsidiaries by any person or group of persons, acting in concert, equal to thirty percent (30%) or more of the outstanding stock of the Company or any of its subsidiaries, or the sale of all or substantially all of the assets of the Company or any of its subsidiaries.

Potential Payments Upon Termination or Change in Control

The employment agreements of certain of our named executive officers provide for potential payments upon termination or change in control. The following table shows the cash and equity benefits payable to the named executive officers upon termination of employment for various reasons, including a change in control of the Company. For purposes of this table, it is assumed that the termination of employment occurred on March 31, 2009. The Company is not contractually obligated to make payments upon termination or change in control to any named executive officer not included in the table below.

The officer shall also be entitled to any portion of incentive compensation for the year, prorated to the date of termination. Notwithstanding the foregoing, if the officer obtains other employment prior to the end of the six-month period, salary payments by the Company after he begins employment with a new employer shall be reduced by the amount of the cash compensation received from the new employer.

(2) If the officer is terminated for cause, he will receive salary only through the date of termination and will not be entitled to any incentive compensation for the year in which his employment is terminated.

All benefits terminate on the date of termination. The named executive officer shall be entitled to accrued benefits. In accordance with local Kazakh legislation, a Kazakhstan-based officer would also be entitled to compensation for unused vacation, holiday, sick leave or other leave. As of March 31, 2009, none of the named executive officers had any unused vacation, holiday, sick leave or other leave.

Option Exercises and Stock Vested

During fiscal 2009 no stock awards vested to any of our named executive officers, nor did any of our named executive officers exercise stock options.

Compensation of Directors

We use a combination of cash and equity-based compensation to attract and retain candidates to serve on our board of directors. We compensate the non-employee members of our board of directors.

Meeting Fees

During the 2009 fiscal year, we increased the annual stipend paid to the non-employee members of the board of directors from \$25,000 to \$40,000 per year. We also pay the non-employee members of our board of directors \$1,000 for each directors meeting or shareholder meeting attended in person, plus airfare and hotel expenses.

Equity Compensation

We do not currently have a fixed plan for the award of equity compensation to our non-employee directors. Equity compensation of independent directors, if any, is typically recommended by the compensation committee or management and is subject to approval of the full board of directors. All equity grants to directors are granted at a price equal to the fair market value of our common stock on the date of the grant. We anticipate that the vesting, exercise date and expiration date of future grants will vary.

The following table sets forth a summary of the compensation we paid to our non-employee directors for services on our board during our 2009 fiscal year. We do not compensate our employee directors for their services on our board of directors.

If you wish to include a proposal in the proxy statement for the next annual meeting of stockholders, your written proposal must be received by the Company no later than May 15, 2010. The proposal should be mailed by certified mail, return receipt requested, and must comply in all respects with applicable rules and regulations of the Securities and Exchange Commission, the laws of the State of Nevada and our Bylaws. Stockholder proposals may be mailed to the Corporate Secretary, BMB Munai, Inc., 324 South 400 West, Suite 225, Salt Lake City, Utah 84101.

For each matter that you wish to bring before the meeting, provide the following information:

- a brief description of the business and the reason for bringing it to the meeting;
- your name and record address;
- the number of shares of Company stock which you own; and
- any material interest (such as financial or personal interest) that you have in the matter.

Director Nominees Recommended by Stockholders

You may propose director candidates for consideration by the independent members of the board of directors. It is our policy that our independent directors will consider recommendations for candidates to the board of directors from stockholders holding not fewer than 500,000 shares of our common stock continuously for at least 12 months prior to the date of the submission of the recommendation. The independent directors will consider persons recommended by our stockholders in the same manner as a nominee recommended by other board members or management. Shareholders desiring to suggest a candidate for consideration should send a letter to the Company's Secretary and include:

- a statement that the writer is a shareholder (providing evidence if the person's shares are held in street name) and is proposing a candidate for consideration;
- the name and contact information for the candidate;
- a statement of the candidate's business and educational experience;
- information regarding the candidate's qualifications to be director, including but not limited to an evaluation of the factors discussed above which the board would consider in evaluating a candidate;
- information regarding any relationship or understanding between the proposing shareholder and the candidate;
- information regarding potential conflicts of interest; and
- a statement that the candidate is willing to be considered and willing to serve as director if nominated and elected.

Because of the small size of the Company and the limited need to seek additional directors, there is no assurance that all shareholder proposed candidates will be fully considered, that all candidates will be considered equally, or that the proponent of any candidate or the proposed candidate will be contacted by the Company or the board, and no undertaking to do so is implied by the willingness to consider candidates proposed by shareholders.

WHERE STOCKHOLDERS CAN FIND MORE INFORMATION

We file annual and quarterly reports with the United States Securities and Exchange Commission. A copy of the Annual Report on form 10-K, for the year ended March 31, 2008, which includes financial statement for the company for the fiscal year then ended and excluding exhibits is being mailed to each shareholder of records with this proxy statement. Shareholders may obtain, without charge. The exhibits to the Form 10-K are available upon payment of charges that approximate reproduction costs. If you would like to request documents, please do so by July 15, 2009, to receive them before the annual meeting of stockholders. Requests should be sent in writing to BMB Munai, Inc., ATTN Corporate Secretary, 324 South 400 West, Suite 225, Salt Lake City, Utah 84101.

HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This practice, known as "householding," is designed to reduce the volume of duplicate information and reduce printing and postage costs.

If you and others who share your mailing address own our common stock in street name, meaning through bank or brokerage accounts, you may have received a notice that your household will receive only one annual report and proxy statement from each company whose stock is held in such accounts. Unless you responded that you did not want to participate in householding, you were deemed to have consented to it and a single copy of our proxy statement and annual report have been sent to your address.

We will promptly deliver separate copies of our proxy statement and annual report at the request of any stockholder who is in a household that participates in the householding of our proxy materials. You may send your request by mail to: BMB Munai, Inc., ATTN Corporate Secretary, 324 South 400 West, Suite 225, Salt Lake City, Utah 84101 or by telephone at (801) 355-3797. If you currently receive multiple copies of our proxy materials and would like to participate in householding, please contact our Corporate Secretary at the address or phone number described above.

OTHER MATTERS

We know of no other matters that are to be presented for action at the annual meeting of stockholders other than those set forth above. If any other matters properly come before the annual meeting of stockholders, the persons named in the enclosed proxy will vote the shares represented by proxies in accordance with their best judgment on such matters.

It is important that your shares be represented at the annual meeting, regardless of the number of shares you hold. Therefore, you are urged to execute and return the accompanying proxy in the enclosed envelope at your earliest convenience.

By order of the board of directors,

July 1, 2009
