EXPLANATORY NOTE

This Current Report on Form 8-K/A amends the Current Report on Form 8-K of the Company filed on July 8, 2009 (the "Original Report"). The purpose of this Amendment is to correct the "*Date of Report*" and date of the determination by the Company that the financial statements discussed in the Original Report were deemed to require restatement. As stated in the Original Report, the Company believed this determination was made on July 2, 2009. In connection with comments received from the Securities and Exchange Commission, the Company agrees to correct the date of such determination to May 6, 2009.

This Amendment is also being filed to clarify that in the Original Report the Company provided adjustments for the fiscal years ended March 31, 2007 and 2008 and the interim periods ended June 30, 2007, September 30, 2007 and December 30, 2007 because those are the periods in which the accounting errors occurred. During the period ended March 31, 2008, the Company made adjustments to correct its accounting for deferred income taxes and believes the accounting for deferred income taxes is correct in the fiscal year ended March 31, 2009 and the related quarterly reports for June 30, 2008, September 30, 2008 and December 31, 2008. As noted in the Original Report, the Company will restate those reports also. These restatements, however, are solely for the purpose of correcting the prior year comparative information and amending disclosures on deferred income taxes. As the Company does not anticipate any adjustments to the accounting at the fiscal year end March 31, 2009 or to the quarterly periods ended June 30, 2008, September 30, 2008 and December 30, 2008, no adjustments for those periods is being provided herein.

Except for changes made in the second sentence and the addition of the last two sentences to the first paragraph of *Item 4.02*, to address the issues set forth above, the disclosures contained in *Item 4.02* of the Original Report have not been changed in any way. For convenience and ease of reference, *Item 4.02* is restated below in its entirety. No attempt has been made in this Current Report on Form 8-K/A to update other disclosures presented in the Original Report and this Current Report on Form 8-K/A does not reflect events occurring after the filing of the Original Report or modify or update those disclosures affected by subsequent events.

This Current Report, as amended, continues to be under review by the Securities and Exchange Commission and may be subject to additional changes.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed

Interim Review.

In response to comments raised by the staff of the Securities and Exchange Commission, the Company commenced a review of its accounting relating to the calculation of deferred income taxes. Based on the Company's internal review, and after consultation with the audit committee of the Company's board of directors, as well as the Company's independent registered public accounting firm, on May 6, 2009, the Company

concluded that its audited financial statements for the periods ended March 31, 2008 and 2007, and the unaudited financial statements for the periods ended June 30, 2007, September 30, 2007 and December 31, 2007 are required to be restated due to accounting errors in those periods relating to the Company's accounting for deferred income taxes. During the fourth quarter of fiscal 2008 the Company made adjustments to correct its accounting for deferred income taxes and believes its accounting for deferred income taxes for the fiscal year ended March 31, 2009 and the interim periods ended June 30, 2008, September 30, 2008 and December 31, 2008 is correct. The Company has determined, however, that its audited financial statements for the fiscal year ended March 31, 2009, and the unaudited financial statements for the periods ended June 30, 2008, September 30, 2008, December 31, 2008 are required to be restated for the purpose of restating the prior period comparative financial information and amending disclosures on deferred income taxes contained in those financial statements.

The restatements result from the Company erroneously recording a tax expense based on income from Kazakhstan operations that, pursuant to the Company's license and contract with the Republic of Kazakhstan and Kazakhstan tax law, the Company was not liable to recognize, due to the fact that the Company is operating in the exploration phase. During the fourth quarter of fiscal 2008 the Company recognized the mistake and, believing the mistake to be the result of a change in its estimate of deferred income taxes made adjustments to its financial statements in that period. Based upon further research and investigation, the Company has determined that the change in accounting for deferred income taxes was, in fact, the result of an error, not a change in estimate, due to the oversight and misuse of facts that existed at the time the financial statements were prepared, requiring restatement of the reports identified in the preceding paragraph.

Because of the restatement, the Company's previously issued consolidated financial statements which are included in its Annual Report on Form 10-K for the years ended March 31, 2009, 2008 and 2007 and its Quarterly Reports on Form 10-Q for the quarters ended June 30, 2007, September 30, 2007, December 31, 2007, June 30, 2008, September 30, 2008 and December 31, 2008 should no longer be relied upon.

The Company will correct this error by filing amendments to its Annual Reports on Form 10-K/A and its Quarterly Reports on Form 10-Q/A with the Securities and Exchange Commission, which will include restated consolidated financial statements and notes thereto, and other appropriate revisions. We anticipate these amended filings will be filed no later than July 31, 2009.

The primary effect of the restatement will result in the following changes to the Company's consolidated financial statements for the fiscal years ended March 31, 2007 and 2008 and the periods ended June 30, 2007, September 30, 2007 and December 31, 2007:

- decreases to "*Deferred taxes*", "*Total long term liabilities*" and "*Accumulated deficit*" and an increase in "*Retained earnings*" and "*Total shareholders' equity*" in the Consolidated Balance Sheets

- a decrease to “*Income tax expense*” and increases to “*Net income*”, “*Basic net income per common share*” and “*Diluted net income per common share*” in the Consolidated Statements of Operations in all periods except for the fiscal year ended March 31, 2008, during which we realize a decreases in “*Income tax benefit*”, “*Net income*”, “*Basic net income per common share*” and no change in “*Diluted net income per common share*”; and
- an increase in “*Net income*” and a decrease in “*Income tax (benefit)/provision*” in the Consolidated Statements of Cash Flows.

Following is a summary of the effects of these adjustments on the Company’s Consolidated Balance Sheets, Consolidated Statements of Operations and Consolidated Statements of Cash Flows as of, and for the periods ending, March 31, 2007, June 30, 2007, September 30, 2007, December 31, 2007 and March 31, 2008:
